PURPOSE: This policy is to promote an understanding of what is considered unacceptable conduct and to outline the discipline process in the event of a violation.

NOTE: Management has the right to modify the process should the violation be serious in nature.

PROCEDURE:

1. In all cases where ***disciplinary action*** is taken, each situation will be investigated by the Supervisor.
2. ***Discipline*** will be determined based on the individual circumstances of the issue and will depend on the nature and severity of the offense(s). During an investigation, an employee may be relieved of duty until the investigation is complete.
3. Under “normal” circumstances, discipline will be the form of a verbal warning, followed by written warning, followed by suspension without pay, possibly leading to discharge. An advisory notice is non-disciplinary and may occur prior to the verbal warning. It shall be the determination of management whether ***discipline*** will follow the above order based on the circumstances.
4. Verbal warnings will be documented by supervisory personnel and placed in the employee’s personnel file. The employee will receive a copy of the document that is placed in their personnel file and copied to the General Manager.
5. Written warnings of ***discipline*** will be copied to the employee and placed in the employee’s personnel file and copied to the General Manager and Director of Support Services.
6. Should a serious breach of a policy or unacceptable conduct occur, a suspension or discharge may be imposed immediately.
7. Where allegations of abuse to an individual have been reported and where an employee has been shown to have abused an individual, automatic termination of employment will result.
8. Unionized employees receiving ***discipline*** have the right to have union representation at the discipline meeting as per Policy HR065. As a courtesy they may be invited to the investigation meeting with the advance permission of the Supervisor.
